Re : Notification of Proposed Road Closure of A4104 Welland Road, adjacent to Kendrick Homes Development and Public Information Event on Thursday 10th January 2019

Dear Resident,

We write to introduce ourselves as the company appointed by Kendrick Homes as their contractor to carry out all roads and sewer works associated with their development.

As you will probably be aware, we recently completed the surface water sewer connection prior to the Christmas holidays under 3-way traffic control on Welland Road and its junction with Milestone Road, adjacent to the YMCA Worcestershire's, The Hill Centre.

Extensive discussions have taken place recently with Worcestershire County Council's highways teams and works are now planned, involving the temporary closure of Welland Road to through traffic from its respective junctions with Milestone Road and Greenfields Road. Access only will be permitted purely for residents residing on this section of the A4104 Welland Road. The period of closure is commencing on Monday 4th February 2019 through to Friday 22nd February 2019 inclusive.

The above closure is to facilitate the foul water sewer connection to the existing foul water sewer network, all of which has been approved by Severn Trent Water Limited and Worcestershire County Council's planning department as part of the planning approval for the new housing development.

This letter is intended to give the local residents residing in Tunnel Hill advance notification of the works and what it entails, and of a Public Information Event which will be held on a drop in basis at the YMCA Worcestershire, The Hill Centre, Milestone Road, Upton Upon Severn, WR8 0EN on Thursday 10th January 2019, between 3.00pm and 7.00pm.

Plans of the proposed works will be available to view at the event, as will details of the proposed diversion routes to be put in place, all as agreed with Worcestershire County Council's Highway Department.

Trust this to be in order.

Yours Sincerely

John Mather

Engineering Manager
