

Are you feeling lonely?

Reconnections is a free service for Worcestershire residents over 50 who want to connect with people, places or activities in their community.

We can match you to a volunteer with similar interests who lives in your area. You may want them to visit you at home so you have some company, and time to talk properly or go out and do something together.

Whatever your goal we may be able to help so why not get in touch, or refer a friend or neighbour.

For more information call **01905 740954**
